Work Experience

Surveillance Investigator

DigiStream Investigations, Inc. | Rochester, NY

January 2026 to March 2026

Surveillance investigator

Documentation, report writing, and collaboration in a team setting to support case outcomes.

Conducting covert surveillance operations to observe subjects, document activities, and collect admissible evidence for civil and criminal investigations.

Planing and executing surveillance assignments, ensuring operational security, client confidentiality, and adherence to relevant laws and regulations.

Analyzing behavioral patterns and traffic movements

Capturing high-quality digital media (photos, video) with specialized equipment while managing data integrity, chain of custody, and secure storage.

Coordinating multi-site surveillance initiatives, including route planning, logistics, and crisis management to adapt to changing circumstances.

Maintaining vehicle readiness and safety for all surveillance assignments:

Scheduling and perform regular maintenance checks on the company car (oil, tires, brakes, fluids).

Ensure taximeter/logs, dash cams, GPS devices, and battery packs are functional before and after each assignment.

Ensuring vehicle cleanliness and professional appearance.

Adhering to company car policies, fuel management, and mileage tracking for reimbursement and budgeting.

Ensuring compliance with privacy laws (e.g., state/federal surveillance, wiretap, and consent requirements) and company policies during all operations.
